Test Case - Functionality					
Business Process Scenario (Tested Module)	1) Create New Calculation of Operating Lease 2) Update Existing Calculation of Operating Lease } Part 1 3) Agreement } 4) Service History Inquiry } 5) Billing Payment History } 6) Operating Lease Proposal Report } 7) Operating Lease Calculation Report } 8) Operating Lease Quotation Report } Part 3				
Reviewed by Project Manager	Sign Off:				
	Mr. ABDUL SOMAD				
Testing By	Test Run Date				
	29-6-2015 (part 1) 14-7-2015 (part 2) 14-7-2015 (part 3)				
Verification & Review shall be done for this testing Scenario before used					
1) Create New Calculation of Operating Lease					
Test Case #1 : Calculation of Operating Lease Step 1					
Pre-Condition	<ul style="list-style-type: none"> - Open a web application using internet explorer 9.0 or higher. Url = http://10.1.1.37/oiss_qa_cr - Users must be signing to the system. - Calculation of Operating Lease module should be opens. - There is an Excel file simulator to calculate Lease Period (attachment01.xlsx) 				
Remarks					
TEST STEPS					
ID Steps	Steps	Expected Result	Pass / Fail	Evidence / Attachment	Comment / Remarks
1.1	Positive test: (1) On the list of Operating Lease Calculation screen, please click [Create] button. (2) Once Operating Lease Calculations creation screen	Test result: (1) Operating Lease Calculation Step 1 screens will be open. (2) [End Date Usage Unit Plan] will be filling out			

(3) open, please fill out the data fields on the screens	automatically	P	*Value of TOP disappear after save change on OPL calculation Step 1	
(4) Mandatory field should be completed by selecting data on dropdown list by manually.	The value of [Start Date Usage Unit Plan], [End Date Usage Unit Plan], and [Lease Period Plan] is correct		by Mr. Sonal and PASS	
(5) Enter [Lease Period Plan] on the field by manually.	The data can be saved		* Value of TOP not display properly on OPL calculation step 2 on 29-6-2015	

Test Case #2 : Calculation of Operating Lease Step 3

TEST STEPS					
ID Steps	Steps	Expected Result	Pass / Fail	Evidence / Attachment	Comment / Remarks
2.1 Positive test:					
(1) Once Operating Lease Calculations Step 3 screen open, please fill out the data fields on the screens	Test result:	(1) Operating Lease Calculation Step 3 screens will be open.	P		
(2) Mandatory field should be completed		(2) [Lease Period] will be filling out automatically and the value is correct			
(3) [Lease Period] will be filling out automatically and the value is correct		(3) The value of [Total Maintenance Cost] is total budget during the period of lease			
(4) Specify value of Maintenance Condition & Cost by manually.					
(5) Make sure the value of [Total Maintenance Cost] is total budget during the period of lease.					
In other words [Total Maintenance Cost] = [Lease					

	<p>Period] * [Biaya Maintenance Per Bulan]. [Biaya Maintenance Per Bulan] variable can be found in the Excel file</p> <p>(6) If the expected result is achieved, click [Save Changes] button</p>			
Test Case #3 : Calculation of Operating Lease Step 4				
Pre-Condition	<ul style="list-style-type: none"> - Open a web application using internet explorer 9.0 or higher. Url = http://10.1.1.37/olss_qa_cr - Users must be signing to the system. - Calculation of Operating Lease module should be opens. - Calculation of Operating Lease Step 1, Step 2, and Step 3 should be completed first - There is an Excel file simulator to calculate Insurance coverage (attachment03.xlsx) 			
Remarks				
TEST STEPS
